

SAVOR THE VERY BEST OF OREGON

There are so many volunteer positions to choose from – learn more!

Food & Drink Service

The Oregon Wine Experience® main events feature incredible wines that are poured and served by our volunteer **wine stewards**. Our dedicated culinary partners need **culinary support**, which may include arranging plates of food and bussing. Volunteers who work **water or glass patrol** ensure a steady rotation of those essential items.

Auction & Games

Guests who attend the main events need assistance from **bid butlers** with bidding online in the silent auction, purchasing raffle tickets and donating directly to the cause. The **cork pull** station gives guests the chance to win award-winning bottles of wine. Volunteers in both positions are tasked with encouraging folks to participate and have fun!

General

Volunteers at the **registration** booth check guests in and must be comfortable with technology. The events would not be possible without **set up** and **tear down** volunteers who are expected to move and lift. Volunteers who sign up for **flex crew** will be placed with the area of most need upon arrival.
