

SAVOR THE VERY BEST OF OREGON

**There are so many volunteer positions to choose from – learn more!**

## Food & Drink Service

The Oregon Wine Experience® main events feature incredible wines that are poured and served by our volunteer **wine stewards**. Our dedicated culinary partners need **service support**, which may include arranging plates of food and bussing. Volunteers who work **water or glass patrol** ensure a steady rotation of those essential items.

## Auction & Games

Guests who attend the main events need **bidding assistance** with the Founders' Barrel and Silent Auction. **Raffle ticket, merchandise, cause support, and 360 photo booth** volunteers should be outgoing and ready to add fun to the guest experience! All positions in this category involve interacting with guests, managing lines, working with technology, and organizing needed materials.

## General

Volunteers at the **registration** booth check guests in and must be comfortable with technology. **Parking support** volunteers help guests find their way, may be asked to drive a golf cart, and should be comfortable walking and moving in summer temperatures. The events would not be possible without **set up** and **breakdown** volunteers who are expected to move and lift. Volunteers who sign up for **flex crew** or **event support** will be placed in the area of most need upon arrival.
